

# Ali's Guide to Wedding Photography

Ali King, Photographer

Malta - Ali King

## Step One. Meet your Photographer

Call over for tea and a chat about your day, I can design a bespoke wedding package to suit you and your budget.

I have five years experience in the wedding industry, I am a published bridal photographer and worked for IMAGE Magazine's wedding issues since 2006 until 2009. My bridal photography and real weddings are featured in Confetti, IMAGE Magazine, The Irish Times and the Wedding Journal.

I have shot weddings in Ireland, Italy, Croatia and Malta. I would be delighted to capture all of your special moments on your wedding day using an unobtrusive, fly on the wall approach, so you can relax and enjoy your special day.

I shoot weddings with my assistant so you can have full coverage on the day.

## Step Two. Confirm your date and pay the deposit

By paying your deposit, you are then a confirmed date in my diary.

Deposits are from 400 to 600 depending on your choice.

We also sign a contract, including all the details of the booking and any requirements that you might have for the day so we are all covered and prepared for the special day.

Please remember **I BOOK UP FAST** and I only do one wedding a week, so to avoid disappointment please book in advance.

## STEP Three: The Price List

I am going to try to de-mystify a wedding price list, because in the past even I have found it difficult to explain all the packages available to clients.

When you are booking a photographer you pay for the TIME (hours worked) they spend on your day, because once we are there we are working non-stop catching the special moments.

This is all you need to pay for on your wedding day. You can make your other purchases at a later date.

Each image is numbered on your disk, so you can order prints directly from me or even just bring the disk to your own printer! But remember professional prints are not the same quality as prints from your local BOOTS. I recommend Cons Cameras off Grafton St.

## Engagement Shots:

Many couples like to have an engagement shot taken of them before their big day. So you can get used to your photographer and capture a wonderful memory. My engagement shots are taken on location, The price is €200 for a disk of five images and 8x10 prints.

## Invitations and Thank you Cards:

Many couples like to use their fun/quirky/stylish engagement shots on the front of their wedding invitation cards.

Or you can order Thank You cards after the wedding day.

Prices start at €150 depending on the amount and type that you order. The cards are of the highest quality flown in from London.

## Frames

You can have your favourite wedding images framed for your home.

I have sourced the most beautiful contemporary modern framing system that is new to the market, which is named GLASS BLOC FRAMING. You can also order the very popular CANVAS WRAPS. Prices vary but start at €20 and up.

## ALBUMS

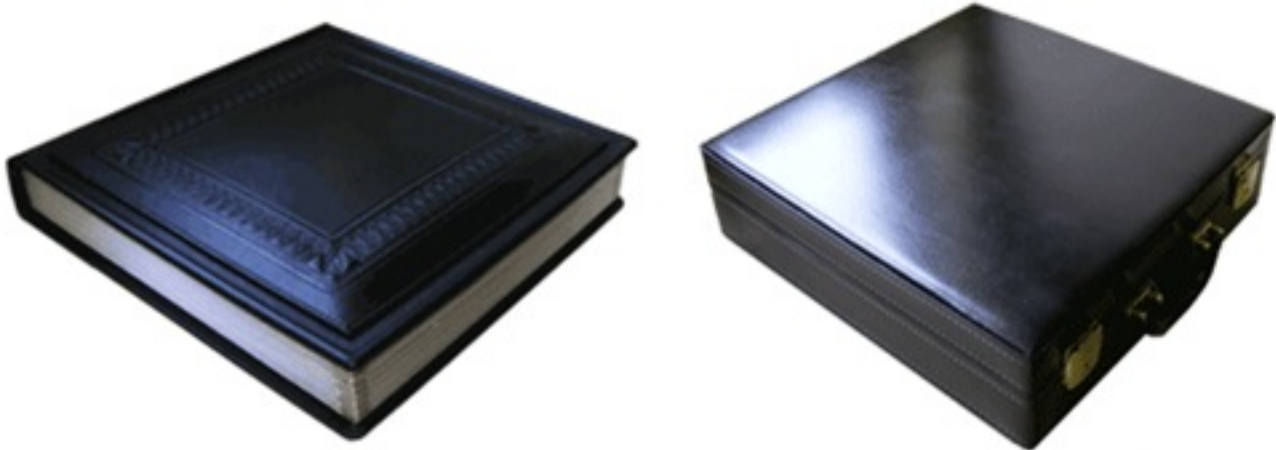

Albums are priced at:
